### Data Scientist (Core) at Revolut — possibly eligible from UAE / remote-friendly

Work on product-driven data science: improve existing algorithms, build new PoCs, and deliver scalable data-powered solutions that inform product decisions and customer experience.

ترکیه:

- <https://www.remoterocketship.com/company/sensor-tower/jobs/data-scientist-turkey-remote/>

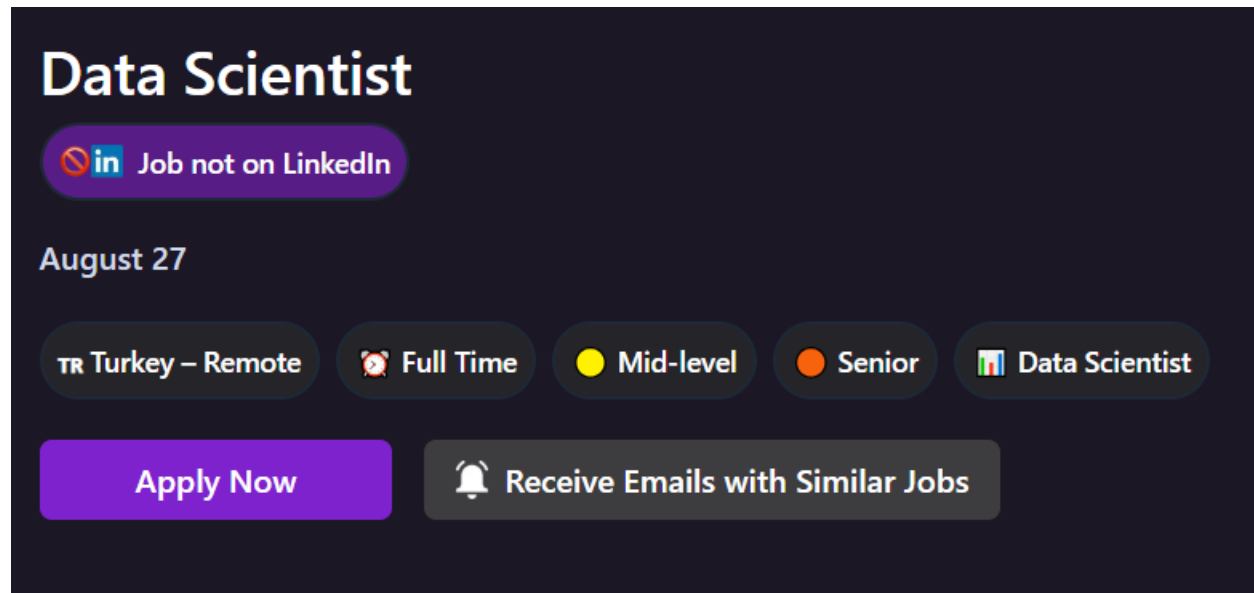

The screenshot shows a job listing for a Data Scientist position. At the top, it says 'Data Scientist' in large white text. Below that, there's a purple button with a red 'X' over the LinkedIn logo and the text 'Job not on LinkedIn'. The date 'August 28' is displayed. Below the date, there are five tags: 'TR Turkey – Remote', 'Full Time', 'Junior', 'Mid-level', and 'Data Scientist'. At the bottom, there are two buttons: a purple 'Apply Now' button and a grey button with a bell icon and the text 'Receive Emails with Similar Jobs'.

### Data Scientist — Sensor Tower (Remote, Turkey)

Prototype ML models (Python/Ruby), analyze/query data, build dashboards, conduct ad-hoc analyses, and collaborate with engineers and business teams. Requires Master's in

Math/CS/Stats, 2–3+ years experience in data science or analytics, production-ready coding skills, strong statistical and visualization expertise, and ability to structure projects independently.

- <https://www.remoterocketship.com/company/blue-cloud/jobs/data-scientist-turkey-remote/>

A job listing card for a Data Scientist position. The title 'Data Scientist' is in large white font. Below it is a purple button with a crossed-out LinkedIn icon and the text 'Job not on LinkedIn'. The date 'August 27' is displayed. A row of five tags follows: 'TR Turkey – Remote' (with a Turkish flag icon), 'Full Time' (with a clock icon), 'Mid-level' (with a yellow circle icon), 'Senior' (with an orange circle icon), and 'Data Scientist' (with a bar chart icon). At the bottom are two buttons: a purple 'Apply Now' button and a grey 'Receive Emails with Similar Jobs' button (with a bell icon).

#### **Cloud Consultant — BlueCloud (Remote/Global)**

Help enterprises transform to cloud, implement leading cloud technologies (Azure, AWS, Google Cloud, Snowflake), and provide strategic, people-focused, and technology-driven solutions. Requires strong relationship-building skills, passion for impact, and readiness for a challenging yet rewarding career.
